

644 ISLANDWAY – BAYHOUSE PET SURVEY RESULTS

1. The following two questions are amendments to Condominium Documents.
IMPORTANT: In order to amend these parts of the document it will require a 75% building approval.

- a. Current Condominium documents (section 3985, page 464) allows a new owner to bring a pet when they move-in **but** "shall not be permitted to replace said pet".

Would you approve amending this statement to allow owners to replace their pet within the pet limits?

50% - Yes 35% - No 15% - Not Interested

- b. Current Condominium documents (section 3985, page 466) states walking a dog in "designated as a pet walking area or areas". We currently do not have any "designated as a pet walking area or areas". Pet owners are being responsible and cleaning up after their pets.

Would you approve removing this statement from the condo documents?

59% - Yes 30% - No 11% - Not Interested

2. The following two questions are House Rule which **DO NOT** require **75% majority building approval**. The Board is asking for your opinion.

Current Condominium document **Section C Restrictions:**

Item #2 - "Pets in transit are to be carried, or placed in an animal carrier on all interior common areas"

This contradicts the restriction #5c "Pets in common areas that are not under the complete physical control of a responsible human companion and on a hand-held leash of no more than six feet in length or in a pet carrier"

- a. Would you agree to remove restriction Item #2 of having to carry pets in interior common areas, as long as they are on a leash ?

52% - Yes 39% - No 11% - Not Interested

- b. Do we want to allow visiting family members of owners to bring a single pet as long as it meets the pet restrictions of 15 lbs. weight limit and they abide by all other pet rules?

50% - Yes 37% - No 11% - Not Interested
