

Community Newsletter

July is going to be a busy month. We do hope everyone had a safe and happy 4th of July. The weather has been extremely hot so please take care of yourself and stay weather aware and have your emergency supplies at the ready.

Updates and repairs are continuing so you should stay aware of the work being done as well as the rules for our home. The rules are there to protect our community and us. Please follow our rules that you agreed to when you purchased in the building. If you have a question and cannot find an answer on the website, please check with a board member for the answer.

Remember this is our home and the guidelines are there to protect and assist each one of us.

ELEVATOR REPAIR

The long-awaited repairs to the elevators have finally begun. We are still many weeks from project completion. However, you have probably seen the equipment and workers on site and updates for progress will be coming soon.

WEATHER AWARE

Be weather aware. Sign up for the Ready Pinellas app to get updates from the city in the event of severe weather. Prepare your home for power outages by having a flashlight, spare batteries, battery back up for your cell phone and all your medication and medical needs handy. The city is also holding storm ready workshops and you can find that information on the city website.

ANIMALS

All animals must be cleaned up after. This includes all dogs on the property.

There are bags available on the post in the parking area for you to utilize. Be a good neighbor and clean up after your animals.
