

Community Newsletter

Happy Valentine's Day!! It is the season of Love. Show your neighbors love by saying Hello. You never know how something so simple can make someones day. We are all so busy these days so take that minute and connect with family, friends and neighbors. Show our home some love by keeping her clean and in good shape. If you see some trash around pick it up and remove it. If you have a pet, clean up after the pet.

Spring is close and soon we will see the plants blooming and we will be getting busy. With the new month don't forget to check those smoke detectors and change those batteries. The new month is the perfect time to change those air conditioner filters too. Changing that filter can help your unit run more efficient and could extend the life of it as well.

SEASHELL COLLECTION

If you are shelling, please remember the Fish and Wildlife guidelines and if the shell has a live animal in it, put it back. There are many shells in our area that are homes for the small animals and it is illegal to keep them. Keep a picture only and leave them to live on in our waters. Also, sand dollars are alive when they are green or brown so put them back as well.

EMERGENCY CONTACT

It is that time of year again to update your emergency contact information with the association. You would have received the form from Ameritech in with the Proxy information for the annual election of the board. Please complete the emergency form and return it to Ameritech. Preparation for emergencies is critical.

COMMITTEE MEMBERSHIP

If you have thought about joining a committee 2024 is the year to do that. Together we can make our building the best. If you have an interest in joining a committee, please reach out to a board member. A true community takes all of us participating to make it the best it can be.

CALENDAR OF EVENTS

February 5 at 6pm - Annual Meeting followed by Board Meeting in the conference room
