

Community Newsletter

Happy Fourth of July. July has come into Clearwater with a bang. We have some hurricane's churning up the gulf. Have you made your plan should any come our way this season? If you need assistance making your hurricane plan our county has numerous resources available for you without any cost. They are easy to utilize and the county workers are more than happy to share information. The most important thing to remember is if you stay in an area with mandatory evacuation no emergency help can get to you until it is safe, if you call in the heart of the storm they will not come.

There is still construction going on in the building with window installation. You will still be able to hear the sounds and also the workers are coming in and out of the building.

NEIGHBORHOOD SERVICES

City of Clearwater has a Neighborhood Services Division, and our Coordinator is Javante Scott. He can be a great community resource for all things related to our community. If you want to reach out to him his email is javante.scott@myclearwater.com and his phone is 727-562-4559. He can get your questions answered.

AMERITECH

TC has left Ameritech for health reasons, and we have a new project manager with Ameritech

Scott Vignery is our new Project Manager with Ameritech. His contact information is svignery@ameritechmail.com. Come to the July meetings to meet our new project manager.

SEAWALL

The time for the new seawall is approaching. The seawall is unsteady and the ground around it is unstable. Please do not walk on or next to the seawall. This is for your safety. A barrier is being placed along it to prohibit anyone getting close to it.

CALENDAR OF EVENTS

July 8 at 6pm - SIRS Report Meeting in the conference room

July 29 at 6 pm - Board Meeting in the conference room
