

# Community Newsletter

Spring training is here. The traffic is picking up and so are the number of people around. With all the new people around, please be aware of your surroundings. Make sure the building door closes after you and you lock your cars.

Water traffic is increasing as well. If you go on the water have your safety equipment with you. If you fish or crab, have your fishing and/or crab license with you.

Pool and grilling season is here too. The grill is a pellet grill and the instructions have been updated and are available at the grill and were in the newsletter recently.

## SEASHELL COLLECTION

If you are shelling, please remember the Florida Fish and Wildlife guidelines which are: if the shell has a live animal in it, put it back. There are many shells in our area that are homes for the small sea creatures, and it is illegal to keep them. Keep a picture only and leave them to live on in our waters.

## PARKING ASSIGNMENT

The parking assignment for March 2024 to March 2025 has been sent out. Please make note of your new parking space and have your vehicle moved to its new space by 5 pm on March 8, 2024.

## COMMITTEE MEMBERSHIP

If you have thought about joining a committee 2024 is the year to do that. Together we can make our building the best. If you have an interest in joining a committee, please reach out to a board member. A true community takes all of us participating to make it the best it can be.

## CALENDAR OF EVENTS

March 18 at 6 pm - Board Meeting in the conference room
