

It is with great sadness we announce the passing of our 502 neighbor Leslie Dowling. Leslie was a BayHouse Board member in addition to being an avid sailor. He will be missed and we would like to send his family our deepest condolences.

Safety Update

We want to remind everyone the importance of keeping the hallways and area near the elevators cleared at all times. If you are having remodeling done or furniture delivered, please ask vendors/delivery companies to keep areas cleared. If an inspector visiting the building gives the building a fine, it will be the owner's responsibility to pay the fine.

Update on Paint Project

We now have two teams working on the building. One team is working on the elevator stack and will be moving towards the front of the building. The original team is working towards 08 stack rear windows then the pool area. We will try to give the owners at least a week notice when the pool area will be closed for painting. **We are reminding all unit owners to look at their windows to see if there are any cracks and should note and advise Ameritech Management Company.**

No June Board Meeting
